1-2 brushes that are 1 –1.5 inches (they can be cheap hardware store brushes)

- One pad of Palette Paper. I suggest 9x12 or 12x16.  
or  
A large piece of plexiglass, the larger the palette the better

## Canvases

- 16x 20 or larger gessoed canvases.

Smaller is okay if you already have a project in mind. You can start with one. Sometimes you can get an eco pack of 4 or 5 pre-gessoed canvases that have 5/8" depth at a great price.

Optional – package of 8x10 or larger canvas boards

## Mediums

- MatteMedium

- Bar of soap for cleaning brushes
